BEAUTIFUL AFTERNOON!**

He asked for help and she could see why.
Even with her pulling, and him pushing, the little
boots still didn't want to go on.
By the time they got the second boot on, she had
worked up a sweat. She almost cried when the
little boy said,
'Teacher, they're on the wrong feet.'
She looked, and sure enough, they were.
Unfortunately, it wasn't any easier pulling the
boots off, than it was putting them on.
She managed to keep her cool as, together, they
worked to get the boots back on, this time on the
correct feet.
He then announced, 'These aren't my boots.'
She bit her tongue, rather than get right in his face
and scream, 'Why didn't you say so?' like she
wanted to. Once again, she struggled to help him
pull the ill-fitting boots off his little feet.
No sooner had they got the boots off when he said,
'They're my brother's boots. But my Mom made me
wear 'em today.'
Now she didn't know if she should laugh or cry.
But she mustered up what grace and courage she
had left to wrestle the boots BACK onto his feet
again. Helping him into his coat, she asked,
'Now, where are your mittens?'

He said, 'I stuffed 'em in the toes of my boots...'
The boy learned some cuss words that day.

I like to make lists.

I also like to leave them laying on the kitchen counter and then guess what's on the list while at the store.

Fun game.

Would their kids be Hollapinos?

I don't care what anyone thinks of me.

Except dogs - I want dogs to like me.

We speak English, German and Spanish and have our own dental laboratory.

TWELVE COMMANDMENTS FOR SENIORS

#1 - Talk to yourself. There are times you need expert advice.

#2 - "In Style" are the clothes that still fit.

#3 - You don't need anger management. You need people to stop pissing you off.

#4 - Your people skills are just fine. It's your tolerance for idiots that needs work.

#5 - The biggest lie you tell yourself is, "I don't need to write that down. I'll remember it."

#6 - "On time" is when you get there.

#7 - Even duct tape can't fix stupid, but it sure does muffle the sound.

#8 - It would be wonderful if we could put ourselves in the dryer for ten minutes, then come out wrinkle-free and three sizes smaller?

#9 - Lately, you've noticed people your age are so much older than you.

#10 - Growing old should have taken longer.

#11 - Aging has slowed you down, but it hasn't shut you up.

#12 - You still haven't learned to act your age and hope you never will.

... And one more:

"One for the road" means peeing before you leave the house.

FROM ROLLS-ROYCE STAFF MAGAZINE

Sometimes it DOES take a Rocket Scientist!! (true story).

Scientists at Rolls Royce built a gun specifically to launch dead chickens at the windshields of airliners and military jets all travelling at maximum velocity.

The idea is to simulate the frequent incidents of collisions with airborne fowl to test the strength of the windshields.

American engineers heard about the gun and were eager to test it on the windshields of their new high speed trains.

Arrangements were made, and a gun was sent to the American engineers.

When the gun was fired, the engineers stood shocked as the chicken hurled out of the barrel, crashed into the shatterproof shield, smashed it to smithereens, blasted through the control console, snapped the engineer's back-rest in two and embedded itself in the back wall of the cabin like an arrow shot from a bow.

The horrified Yanks sent Rolls Royce details describing the disastrous experiments, along with the designs of the windshield and begged the British engineers for suggestions.

Rolls Royce responded with a one-line memo:

"Defrost the chicken."

The aim of an arithmagon is to work out which numbers go in the empty circles. The numbers in the square boxes are made by adding together the numbers in the circles either side. For example, if the number in the square box was 10 you could try 6 and 4, but the numbers must also add up on the other edges, making this more difficult than it first appears.

The 10th annual Costambar Bocce tournament will begin on Monday February 16. Qualification rounds will be played on Monday to Wednesday, semi finals on Thursday, with finals scheduled on Friday weather permitting. Following the tournament, players and guests will enjoy an Awards luncheon on the beach on Saturday February 21. Our players represent the diversity of Costambar with local Dominican players, Canadians, Italians, Americans enjoying the game and conversing in multiple languages.

Our members are proud to support our community. In previous years we were pleased to purchase several garbage cans to improve cleanliness on the beach, and we have proudly supported the Canadian

Dominican Ray of Hope charity for several years. Founded by the De Lillo family in 2007, the charity raises funds to support 40 abandoned children with physical and mental abilities here in Puerto Plata province.

We'd like to make this 10th anniversary tournament extra special by encouraging more community support and involvement. We are grateful and offer our heartfelt thanks for the many volunteers, local and international sponsors without whom this event could not proceed. We'd like to invite the

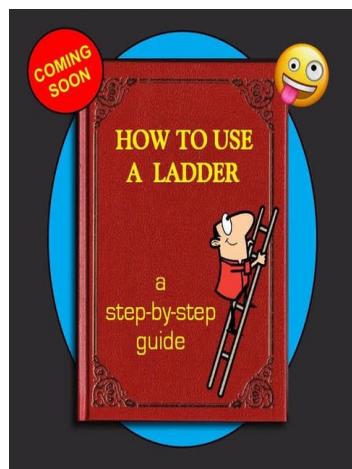

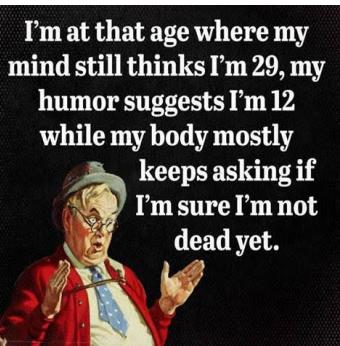

community to grab a chair and come on out to watch, meet our members and cheer on the players.

With a goal to raise more funds for the charity, we will be offering 50/50 draw tickets at 3 for 500 pesos with the winning ticket to be announced at the awards banquet.

Costambar Homeowner Association (APC) elections are nearly upon us, and it is time to think about what you -- as a resident or business owner in Costambar -- want from your Association and where you want Costambar to be in two years. Although there have been some noteworthy improvements to our community over recent years, there remain many areas that need attention and an Association that needs to become more responsive to its individual members. That is where the "Accountability Team" comes into play. Led by Emmanuel "Manny" Salazar, a dual US-Dominican citizen resident of Costambar that brings a background in leadership, management and social services, his team includes Gregory (Greg) Bates, the individual responsible for turning around Costambar security over the past two years (and a huge reduction in break-ins and robberies!) who will serve as Vice President and coordinator of the APC Board, Jack Cameron (Seahorse Condos) as Secretary, Anne Reid as Treasurer, and five community representatives, or "vocals" that include Ramon Martinez (El Carey), Jose Kruchten (Lo'ase), Susan (Suzie) Bates, Piotr Zdziarski and Joe Reid... individuals with varying and extensive backgrounds in business management, financial oversight, community development, and leadership. This combination of proven leadership, experience and knowledge will provide the Homeowners Association with a diverse set of skills and the strong leadership abilities that are essential in developing a focused vision for Costambar and delivering results to its members. This is a Leadership team than the community can trust to be united in purpose, focused on service to the community, powered by experience, and truly transparent and available to Association members. Please vote for accountability and vote for a brighter future for Costambar!
