**MAY 1 & 31**

May's Flower Moon name should be no surprise; flowers spring forth across North America in abundance this month! In May, a second Full Moon, a Blue Moon, will make an appearance. The term Blue Moon is most commonly used when we have two Full Moons in a single month.

My mind is exceptionally quiet today. I'm suspicious. I'm up to something I don't want me to know about.

@We Are Nature

We speak English, German and Spanish and have our own dental laboratory.

WhatsApp and local Phone number: 809 586 9245

We are right behind the fire station on the Malecon beside the park. Opposite to the Centro Sanitario. You can find us also on Google Maps. Street name: Emilio Prud Homme, esq. Sanchez Puerto Plata We cater for all your dental needs.

Why do you want this job is such a dumb question.

@corporate.snark

Do you really think I want to punch numbers into excel all day and send stupid little emails? No I'd rather be traveling the world, but I need money. Get a grip.

# BIG LEE'S Beach Bar

Open Daily at 10am - 9pm

Meta AI

Big Lee's Beach Bar is located in Puerto Plata, Dominican Republic, specifically on the Malecon, also known as Ave. General G. Luperon, along the oceanfront. It's situated between two islands, with one island featuring a statue of Neptune, and is easily accessible by taxi. The bar is on the beach side of the Malecon, in a building with multiple cassetas, and is the left-hand side business. Big Lee's Beach Bar is a popular spot, ranked #1 of the top 100 places to eat lunch in Puerto Plata and #1 of the bars and pubs in the area <sup>1</sup>.

An old Doberman starts chasing rabbits and before long, discovers that he's lost.

Wandering about, he notices a lion heading rapidly in his direction with the intention of having lunch.

The old Doberman thinks, "Oh, oh! I'm in deep shit now!"

Noticing some bones on the ground close by, he immediately settles down to chew on the bones with his back to the approaching cat.

Just as the lion is about to leap, the old Doberman exclaims loudly,

"Boy, that was one delicious lion! I wonder, if there are any more around here?"

Hearing this, the young lion halts his attack in mid-stride, a look of terror comes over him and he slinks away into the trees.

"Whew!," says the lion, "That was close! That old Doberman nearly had me!"

Meanwhile, a squirrel who had been watching the whole scene from a nearby tree, figures he can put this knowledge to good use and trade it for protection from the lion. So, off he goes.

The squirrel soon catches up with the lion, spills the beans and strikes a deal for himself with the lion.

The young lion is furious at being made a fool of and says, "Here, squirrel, hop on my back and see what's going to happen to that conniving canine!"

Now, the old Doberman sees the lion coming with the squirrel on his back and thinks, "What am I going to do now?," but instead of running, the dog sits down with his back to his attackers, pretending he hasn't seen them yet, and just when they get close enough to hear, the old Doberman says.....

"Where's that squirrel? I sent him off an hour ago to bring me another lion!"

Moral of this story...

Don't mess with the old dogs... Age and skill will always overcome youth and treachery!

Bull Shit and brilliance only come with age and experience.

In America, the phrase "work-life balance" refers to how fast you can eat a burger while crying in your car

People often say they hope their deceased pet dog is chasing squirrels in doggy heaven... what did all of those squirrels do to deserve an afterlife of torment?

siketreeker

Dog heaven is also squirrel h... I it's a very efficient system.

The aim of an arithmagon is to work out which numbers go in the empty circles. The numbers in the square boxes are made by adding together the numbers in the circles either side. For example, if the number in the square box was 10 you could try 6 and 4, but the numbers must also add up on the other edges, making this more difficult than it first appears.

CALLER: Is this Pizza Hut?

GOOGLE: No sir, it's Google Pizza.

CALLER: I must have dialed a wrong number, sorry.

GOOGLE: No sir, Google bought Pizza Hut last month.

CALLER: OK. I would like to order a pizza.

GOOGLE: Do you want your usual, sir?

CALLER: My usual? You know me?

GOOGLE: According to our caller ID data sheet, the last 12 times you called you ordered an extra-large pizza with three cheeses, sausage, pepperoni, mushrooms and meatballs on a thick crust.

CALLER: Super! That's what I'll have.

GOOGLE: May I suggest that this time you order a pizza with ricotta, arugula, sun-dried tomatoes and olives on a whole wheat gluten-free thin crust?

CALLER: What? I don't want a vegetarian pizza!

GOOGLE: Your cholesterol is not good, sir.

CALLER: How the hell do you know that?

GOOGLE: Well, we cross-referenced your home phone number with your medical records. We have the result of your blood tests for the last 7 years.

CALLER: Okay, but I do not want your rotten vegetarian pizza! I already take medication for my cholesterol.

GOOGLE: Excuse me sir, but you have not taken your medication regularly. According to our database, you purchased only a box of 30 cholesterol tablets once at Lloyds Pharmacy, 4 months ago.

CALLER: I bought more from another Pharmacy.

GOOGLE: That doesn't show on your credit card statement.

CALLER: I paid in cash.

GOOGLE: But you did not withdraw enough cash according to your bank statement.

CALLER: I have other sources of cash.

GOOGLE: That doesn't show on your latest tax returns, unless you bought them using an undeclared income source, which is against the law!

CALLER: WHAT THE HELL!

GOOGLE: I'm sorry sir, we use such information only with the sole intention of helping you.

CALLER: Enough already! I'm sick to death of Google, Facebook, Twitter, WhatsApp and all the others. I'm going to an island without the internet, TV, where there is no phone service and no one to watch me or spy on me.

GOOGLE: I understand sir, but you need to renew your passport first. It expired 6 weeks ago... Welcome to the future
